

Skatesmart®s` big advantages are: its balanced grip, the perfect "pop" and its ability to dry (and the fact, that it dries) very quickly after the rain. Furthermore it is very quiet, extremely resistant to all kinds of weather and does not rub off. All these qualities make Skatesmart® the perfect skating-surface.

Skatesmart® besticht durch seine ausgewogene Griffbarkeit, dem optimalen Pop, trocknet nach Regen schnell, ist sehr leise, extrem witterungsbeständig und abriebsfest. Er ist dadurch der optimale Fahrbelag.
